NEW YORK, April 16, 2019 /PRNewswire/ -- GameChange Solar today announced that it has been awarded over 1.5 GW of projects bringing total projections for 2019 to over 3 GW. This represents over 30% of the USA utility scale market share for 2019. The awards are for both the GameChange Solar Genius Tracker™ and MaxSpan™ fixed tilt post systems.

Genius Tracker™
World's Fastest Installing Single Axis Solar Tracker

MaxSpan™
Best Quality and Priced Post Driven Fixed Tilt Systems

1.5 GW Awards Push GameChange Solar to Over 3 GW and 30% USA Utility Scale Market Share

1.5 GW Awards Push GameChange Solar to Over 3 GW and 30% USA Utility Scale Market Share

Derick Botha, Chief Commercial Officer at GameChange Solar, stated: "Having ramped up our manufacturing capacity to over 8 GW, we are happy to see that customers have continued to adopt GameChange Solar as the leading utility scale solution for fixed tilt and single axis trackers."

About GameChange Solar

With over 4 GW sold, GameChange systems combine fast install, bankable quality and unbeatable value through superior engineering, innovative design and high volume manufacturing.

GameChange Solar is driven by its mission to repower the planet with clean solar energy. We do our part by driving fixed tilt racking and tracker equipment costs lower.
